

# competition week

*michael***John**  
Academy

**From this year we are changing the way we  
organise our annual hair and beauty competitions...**

---

All students and their employers will be advised of our Competition Week and competitive events will be held on apprentice training days throughout the week. Every student will have their completed 'model' professionally photographed and judged by impartial hair and beauty specialists.

On completion of the week, Michael John Academy will hold an early evening event in the academy where prizes will be awarded and every student will be given a framed photograph of their entry for **YOU** their employer and a second photograph for themselves to keep.

Michael John Academy will also be submitting winning entries to trade journals with the possibility of seeing them published in popular hair and beauty magazines. **YOU** are most welcome to attend this event with your apprentice and we will be providing you with more information in forthcoming newsletters.
